Academic Projects

1. INDORE INFO HUB

Ms. Nikita Tiwari

1 month

CS department, SGSITS

Developed a dynamic platform providing real-time information and essential services for Indore residents. The project involved customized data aggregation, a user-friendly interface, and scalable infrastructure to ensure accessibility and reliability.

2. EXPANSE TRACKER

Ms. Urjita Thakur

1 month

CS department, SGSITS

Developed an intuitive expense tracking application, enabling users to manage personal finances with real-time data entry and visual analytics. Implemented secure user authentication and budget management tools to enhance privacy and financial oversight.

3. BOOK SWIFT

3 months

Designed and developed Book Swift, a platform to reduce book delivery times by sourcing from local stores. The system efficiently manages the entire process, from order placement to inventory management and delivery, leveraging Agile Methodology and a design thinking approach.

Platforms, Languages, Technologies & Tools Worked

- **Operating Systems** : Linux, Windows
